

*For the programming task you have to use C++
For questions and help refer to the course's [discord server](#)
Or the course's e-mail:
raytracingcourse@chaos.com*

Slides: [CRT 01 Introduction](#)

Task 1.

Download, install and play with 3D design software like Blender, 3Ds Max, Maya, ... You could create a simple scene with a geometry object.

Task 2.

Play the Chaos "Fake or Photo" game: <https://render-photo.chaos.com/>
